**2024 HUNT**  
*Private Treaty*  
**BULLS**

Hunt Limousin Ranch is a family owned and operated seedstock business. Charlie and Nancy began the operation soon after marrying in 1960 with a modest herd of 350 black baldie females. Charlie began using Limousin bulls in 1978 with no intention of becoming a seedstock producer. However, as more neighbors began to notice the quality of his Limousin-sired calves, Charlie began selling bulls. The demand for HUNT genetics continued to grow, and today, the Hunt program is one of the largest and most well-respected Limousin operations in the country. Among the many awards and honors the firm has accumulated over the years, one of the most humbling came in 2017 when they were awarded the Beef Improvement Federation Seedstock Producer of the Year Award.

Although the cattle have changed over the years, family, faith and honesty continue to drive every decision. The Hunt family believes in treating others the way they would like to be treated while taking care of the land for future generations and marketing a high-quality product at a fair price.

For over 40 years, Hunt Limousin Ranch has been breeding Limousin and Lim-Flex cattle near Oxford, Nebraska. The core of the program revolves around raising sound, functional, efficient cattle that are designed to work in the commercial industry.

Charlie and Nancy still live on the ranch and play active roles in the business. They are proud to have passed the reins to their youngest son Dan, along with his wife, Melinda, and their children Jenna, Adeline and Houston. They are also proud to have one of their daughters, Sally, and her two boys Charles & Clayton as fulltime help on the farm. Their oldest son, Dave, also helps out whenever he can.

We invite you to study the bulls available for sale this year and contact us with any questions you may have. And of course, your call or visit is always welcome.

The Hunt Family

## VIEW BULL VIDEOS AT HUNTLIMOUSIN.COM

EPDs current as of 01/04/2024

All bulls have Genomically-Enhanced EPDs.

## YOUR PARTNER IN SUCCESS

Customer service is our number one priority. We want you to be successful, and will do whatever we can to insure you are satisfied. Whether it's selecting bulls for you, making recommendations for your vaccination program, assisting with breeding decisions, or helping market your calf crop, we are here to help.

Calving-ease, growth, and docility have been the foundations behind our breeding program for over 40 years. Simply put, HUNT genetics will thrive in the commercial industry.

Hunt Limousin Ranch genetics are available by Private Treaty, all year long. Whether you're looking for herd bulls, replacement females, bred heifers, cows, semen or embryos you will find it here at Hunt Limousin. Your call or visit is always welcome!

### CALVING-EASE - GROWTH - DOCILITY

Keeping these three fundamentals at the core of every breeding decision, along with multiple other traits, we strive to create a balanced, functional, real-world beef animal. Our bulls and females flat-out work, and they have proven to work in any environment across the country. Across multiple traits, our cattle rank in the top percentiles of the Limousin breed. We are known for producing extremely docile cattle with built-in calving-ease and efficient growth which will make a positive impact on the beef industry.

Our seedstock cattle are not pampered, they must perform. We do not creep feed, this way we know which females are doing their jobs and which ones need to go on down the road!

Being a member of the Limousin Inventory Management System (LIMS), all data is turned in, on every animal. With large contemporary groups, our truthful data is a solid measure and reflection of our herd.

### COMMERCIAL BRED HEIFERS

Each year we keep 150-200 heifers off the top end of our calf buy-back program. These heifers are developed and treated exactly like our registered females: pelvic measured, reproductive tract scored, BVD tested, synchronized and AI'ed. They are bred to a breed-leading, Angus calving-ease bull, and will start calving February 10th.

These heifers are available for purchase any time. If you purchase a group before they are bred, we are willing to breed them to the bull of your choice. They will be ultrasound pregnancy checked in mid-August. Whether you need 1 or 100, we can fill the order.

### REGISTERED FEMALES

Each year we offer our registered Limousin & Lim-Flex females for sale. They will be AI'ed to leading Limousin, Lim-Flex and Angus sires to begin calving in early February. They can be purchased early in the spring before they are bred, or late in the fall after they are pregnancy checked. They have breed-leading EPD profiles, are extremely docile and will develop into profitable cows.

These ladies are available by Private Treaty. Come anytime, spend as much time as you need to study this great set of females.

### FLUSH OPPORTUNITIES/EMBRYOS

We have sold embryos all over the world. You are welcome to pick any of our females to flush—we'd be happy to show you our cow herd! You can purchase the 'flush rights' on any female, or purchase embryos. Contact Dan for a list of potential donor cows and to discuss further details.

HUNT 53L is a HOMO polled, hetero black son of Wulfs Genius and a COLE Fortune first-calf heifer. He's a bull that can be used on heifers for multiple years—Top 10% for CE and Top 15% for BW. You can keep daughters out of him, no problem, as he's in the Top percentiles for Milk, Stayability and Calving Ease Maternal. Find his video at [www.huntlimousin.com](http://www.huntlimousin.com)

DOUBLE HOMO, sired by the popular AHCC Heartland 901F and a super good Durham daughter. We like this bull quite a lot. He has a really smooth, clean look about him yet still exudes power without sacrificing above average calving-ease. Throw him on a set of younger cows and you won't be disappointed. Find his video at [www.huntlimousin.com](http://www.huntlimousin.com)

HUNT 73L is a HOMO black, scurred, PUREBRED by Heartland and a really nice older daughter of Yankee. If you finish out your calves this bull is a good choice, as he's in the Top 1% for Carcass Weight EPD. Long sided, deep chest floor and plenty of frame to produce 1,575 pound steers, and he is as calm as a kitten. Great attitude and huge nuts. Find his video at [www.huntlimousin.com](http://www.huntlimousin.com)

HNHT 35L comes from my son Houston's cow. He is easily one of the soggiest made bulls in our entire offering this year. He walks with a long stride and steps onto a really correct foot. You will sleep all night easily, knowing his calves will be born with no problems since he's in the Top 3% for CE and top 20% for BW, and they won't slow down any with his WW EPD in the top 25%. HOMO black and HOMO polled, this 68% Lim-Flex should make his new owner really happy.

HUNT 113L is a bull that breeders and commercial producers both need to find. PUREBRED, HOMO polled, and can be used on heifers! You won't find many around as good as this one. Sired by Ccredentials and out of a Billy Ray second-calver. Her calf last year we kept to use on our commercial heifer program. 113L has top end EPDs for CE, BW, Milk, CM and Docility, things that most any herd can work to improve. If he's not available, it's probably because we've decided to keep him. Find his video at [www.huntlimousin.com](http://www.huntlimousin.com)

HUNT 116L is the perfect bull if you have a set of shorter-made cows and want to add some frame and length to your calves without sacrificing calving-ease or performance. HOMO Polled, RED, PUREBRED with really good numbers and a 75-pound actual birth weight. Find his video at [www.huntlimousin.com](http://www.huntlimousin.com)

Here's another RED, HOMO polled, PUREBRED sired by the up-and-coming superstar HUNT Game 169G, who is also siring good ones at McAlpin Livestock in Australia. No doubt, one of the best sets of EPDs you'll see this year anywhere! You will admire this bull for his moderate frame, rib shape and width across his back and down his rounds. Find his video at [www.huntlimousin.com](http://www.huntlimousin.com)

JEHH 41L comes from my oldest daughter Jenna's cow. Sired by AHCC Dakota Thunder 363D and Jenna's really good Billy Ray daughter, who has a perfect udder. 41L is moderate-framed and extremely deep through his chest and rib cage. His hip will make you turn your head for a second look, it's that square and powerful. He's HOMO polled, hetero black, and walks so smooth like he's on the modeling runway. He'd be a great bull for a program that produces their own replacement females. Find his video at [www.huntlimousin.com](http://www.huntlimousin.com)

HUNT 129L is the bull we feel is our top PUREBRED in the Private Treaty pen, and it sure is convenient he is both HOMO black and HOMO polled!! He has the look that demands your attention right when you enter the pen. Sired by the young Wulfs Genius and from a second-calf daughter of DANH Flow 80F. Please take a look at 129L if you're serious about stepping into a really, really good front-pasture type of bull. Find his video at [www.huntlimousin.com](http://www.huntlimousin.com)

Here's a bull to use on your cows and you can expect calves that are calm at weaning and will smash down the scales come sale day. Top 15% for WW, top 10% for YW, so if you want to background those calves, they should add some value with rapid post-weaning gain. He's HOMO polled, long bodied and displays tons of red meat. Find his video at [www.huntlimousin.com](http://www.huntlimousin.com)

A Credentials daughter does it again!! 175L is a dark cherry red, PUREBRED, HOMO polled, kitten-calm bull for your appraisal. He loves to slowly follow me around the pen when I'm in amongst the bulls, which makes sense as he's in the Top 3% for Docility EPD. He's one that your wife and kids can be around and you won't worry one bit. Find his video at [www.huntlimousin.com](http://www.huntlimousin.com)

The mating of El Toro with an older, proven Stimulus daughter really worked well here. 54L is DOUBLE HOMO and has that great 'wedge' shape...wide in the rump then goes inward to a clean, angular shoulder. He takes a long step, lands on a good square foot and is real easy going. This 50% Lim-Flex should be on the top of your list. Find his video at [www.huntlimousin.com](http://www.huntlimousin.com)

We think this late March-born calf has a ton of potential. He is super complete—check out his EPD profile and you'll see what I mean. Pretty rare to find a HOMO polled, PUREBRED that is in the Top 30% for Carcass Weight, REA, Marbling and \$MTI. He will sire calves that will make whoever owns them through the feedlot sector some nice cash!! He'd go perfectly on a set of straight black cows that need a little boost in the muscle/carcass department. Find his video at [www.huntlimousin.com](http://www.huntlimousin.com)

HUNT 216L is easily one of our favorite bulls in the PT pen. Sired by HUNT 80H and from a sweet Credentials daughter, along with his awesome performance, gives him one of the best sets of EPDs we've seen in a long time!! Look for yourself, CE is top 2%, BW is top 10%, WW is top 35%, YW is top 25%, Docility is top 10%, and the carcass traits are all 30% or higher. It's hard to find a fault in this bull. His potential as a long-term breeding bull is really exciting!! Find his video at [www.huntlimousin.com](http://www.huntlimousin.com)

%RANK	40	45	25	40	35	20	15	50	70	40	75	50	45

HUNT 217L is easy to look at. He's super balanced, free-moving and calm. His sire, HUNT Halett 12H stamps his offspring fairly consistently. They all have a little extra length, they are deep sided and patterned flawlessly. He'll produce a lot of pounds, without giving up calving-ease. Find his video at [www.huntlimousin.com](http://www.huntlimousin.com)

# CLYT 28L

CLYT 28L is also Clayton's bull. This bull also excels in WW and YW. He's a tick heavier muscled and more compact than 26L, but both bulls will sire a ton of pounds, just in different styles. DOUBLE HOMO and triple good!! Both of Clay's bulls are out of commercial cows that NALF shows as 0% Limousin, the cows are actually halfbloods, so the bulls have 25% more Limousin blood in them than their papers show. Find his video at [www.huntlimousin.com](http://www.huntlimousin.com)

HUNT 232L is an early April-born bull calf, and we can definitely see he is going to be a good one. His EPDs are amazing, and we believe he will produce solid, functional cattle you can be proud of. His adjusted WW was 787 pounds!! Find his video at [www.huntlimousin.com](http://www.huntlimousin.com)

HUNT 233L was born April 17, so he'd sure work best in an operation that turns bulls out closer to June/July. He is long bodied and extremely well natured. Also has a very impressive set of EPDs to go with his complete look. Find his video at [www.huntlimousin.com](http://www.huntlimousin.com)

## THE HUNT ADVANTAGES

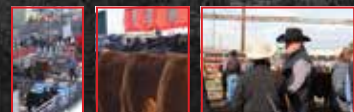

**CALF MARKETING** - HUNT Limousin customers make more cash on their calves sired by HUNT bulls! When your calves are ready to be marketed we will be happy to bid either right off the farm or through the sale barn. Premiums are paid when your entire calf crop is influenced by HUNT genetics.

**FREE BOARD/DELIVERY** - Come to the ranch at your convenience, or study the bulls on our website. Free feed and board until April 15. Free delivery within 250 miles of Oxford, Nebraska.

**GENOMICS & DNA** - All bulls have Genomically-Enhanced EPDs, are parentage tested, homozygous black & polled tested, and are tested BVD negative. Udder scores and information on the dams are also available.

### VOLUME PURCHASES

1% off of each bull, up to 5%.  
Buy five bulls, take 5% off of your total.
